

# **Geometric Numerical Integration: Structure-Preserving Algorithms For Ordinary Differential Equations (Springer Series In Computational Mathematics) By Ernst Hairer;Christian Lubich;Gerhard Wanner**

**By Ernst Hairer;Christian Lubich;Gerhard Wanner**

GEOMETRIC NUMERICAL INTEGRATION: STRUCTURE-PRESERVING ALGORITHMS - E. HAIRER. Comprar el libro, ver resumen y comentarios online. Compra venta de libros de segunda

Ernst Hairer's most popular book is Analysis by Its History. register; tour; sign in; Home; My Books; Friends; Analysis by Its History by Gerhard Wanner, Mathematics) Hairer, Ernst, Wanner, Gerhard. Numerical Integration: Structure Preserving Algorithms for Ordinary Differential Equations. Hairer, Ernst; Lubich

Ernst Hairer is the author of Solving Ordinary Differential Equations I 5 ratings, 1 review, published 2002), Geometric Numerical Integ

Böcker inom Differentialgeometri & riemannsk geometri i Bokus bokhandel: and differential equations, In Mathematics it involves Differential Geometry,

Ernst; Lubich, Christian; Wanner, Gerhard Structure-Preserving Algorithms for Ordinary Differential Equations (2 ed.). Springer.

Geometric Numerical Integration: Structure Preserving Algorithms for Ordinary Differential Equations by Hairer, Ernst; Lubich, Christian; Wanner, Gerhard.

1. Ivo Babuška and Tadeusz Janik, The  $\theta$ -version of the finite element method for parabolic equations. I. The  $\theta$ -version in time, Numer. Methods Partial

Prof. Dr. Christian Lubich. Geometric numerical integration. Structure-preserving algorithms for ordinary Numerical solution of ordinary

Geometric Numerical Integration: Structure Preserving Algorithms for Ordinary Differential Equations. Hairer, Ernst; Lubich, Christian; Wanner, Gerhard

Geometric Numerical Integration: Structure the programs for all the algorithms and Geometric Numerical Integration: Structure-Preserving

Geometric Numerical Integration : Structure-Preserving Algorithms for Ordinary Differential Equations

Ernst Hairer, Christian Lubich, and Gerhard structure-preserving algorithms for ordinary differential equations, volume 31 of Springer series in computational

Symplectic numerical integrators in constrained of ordinary differential equations is Ernst Hairer, Christian Lubich, Gerhard Wanner

Springer Series in Computational Mathematics Structure-Preserving Algorithms for Ordinary Differential Equations. Hairer, Ernst, Lubich, Christian, Wanner,  
a system of ordinary differential equations Hairer, Christian Lubich, and Gerhard Wanner: Geometric numerical integration. Structure-preserving algorithms for

Preserving geometric properties of the The geometry of algorithms with Geometric Numerical Integration. Structure-Preserving Algorithms for

References I Geometric Numerical Integration Illustrated by the St rmer/Verlet Method, E. Hairer, C. Lubich and G. Wanner, Acta Numerica, 2003 I Geometric Numerical

MathematischesForschungsinstitutOberwolfach Report No. 16/2011 DOI:  
10.4171/OWR/2011/16 Geometric Numerical Integration Organised by Ernst Hairer, Geneve Marlis

B cker av Ernst Hairer. Geometric Numerical Integration - Structure-preserving Algorithms for Ordinary Differential Ernst Hairer, Christian Lubich, Gerhard

Geometric Numerical Integration: Structure-Preserving Algorithms for Ordinary Differential Equations, By Ernst Hairer, Christian Lubich, Gerhard Wanner

Numerical methods that preserve properties of Hamiltonian differential equations on manifolds and problems with highly oscillatory solutions are the subject

Numerical Analysis II. Numerical Computing with Matlab, Geometric Numerical Integration - Structure-Preserving Algorithms for Ordinary Differential Equations

Structure-Preserving Algorithms for Ordinary Differential Springer Series in Computational Mathematics Ernst Hairer (1) Gerhard Wanner (2) Christian Lubich (3)

Solving Ordinary Differential Equations I: Geometric Numerical Integration: Structure-Preserving Algorithms for by Ernst Hairer, Christian Lubich,

Numerical Geometric Integration Introduction to structure-preserving integrators. Mathematical models of the evolution in time of dynamical systems

differential equations Geometric Numerical Integration: Structure-Preserving Algorithms for Ordinary Differential Equations: Ernst Hairer, Christian Lubich

Ernst Hairer, Christian Lubich, Gerhard Wanner, Geometric Numerical Integration. Springer Series in Computational Mathematics,

Structure-Preserving Algorithms for Ordinary Differential Springer Series in Computational Mathematics Ernst Hairer (4) Gerhard Wanner (5) Christian Lubich (6)

integration : structure-preserving algorithms for ordinary differential equations. [E Hairer; Christian Lubich; Gerhard Wanner] (Ernst). Geometric numerical

Geometric Numerical Integration --- Structure-Preserving Algorithms for Ordinary Differential Equations
